

## Beta Club Homework Help

Homework help is a bimonthly session where younger students receive one-on-one coaching from middle school honor roll students. The purpose of these sessions is to provide extra help to those students who are struggling with specific skills. It is mutually beneficial as it provides help and positive role models for the younger students and a service opportunity for the older students. Teaching in this way also reinforces the skills for the older students. Due to space restrictions, we are limited to 20 students per session. If you would like for your child to participate, please complete the form below and return it to your child's homeroom teacher.

Students who participate are expected to be on their best behavior. All school rules will be enforced. Any student who fails to follow these rules will phone a parent for immediate pick-up. Any child not picked up by 4:00 will be sent to Aftercare.
